Naif Arab University For Security Science The postgraduate studies faculty

Section: police Sciences Form No. (26)

Specialization: An investigation and a criminal research

The Master's thesis summary

The Master's address: The skills of inspection of the theatre of suicide accident.

Prepared by: Mohammed Zain Al-Otaiby

Supervised by: Lieutenant General Doctor/ Mohammed Fathi Eid

The study

discussion committee:-

1- Lt. General Doctor/ Mohammed Fathi Eid Supervisor and curriculum

2-Doctor/ Saleh Abdullah Al-lehaidan Member 3- Doctor/Abdul Hafiz Saeed Modam Member

The discussion date: 9/4/1426 H. of 17/5/2005

The study problem: About the following question:

What is the skills of inspection of the suicide accident?

The Importance of the study: The importance of the study as the following:

- 1- The inspection of the suicide accidents and the necessary skills therefore to what results an important issues.
- 2- The speed of the revelation of these accidents ambiguity and the speed of the settlement in and the achievement of the justice by the less time and a possible cost
- 3- Free easing of the burden on the judicial responsible authorities and the preservation of the human rights and the non ondemnation by a body did not commit it
- 4- The entrustment of the task of these accidents inspection to the one(s) who abounds by the skills of these accidents inspection and the palaces processor of the systems, which help in the performance of its function in the achievement of the fast justice

The study objectives: this study is to achieve the following objectives:

- 1- The understanding of the inspection essence and its characteristics and the rules of its holding and its means and the ways of its confirmation.
- 2- The recognition of the accident theatre from where: its reasons, its importance and its monuments
- 3- The specification of the suicide essence, and its motives, its reasons, and the attitude of Islamic Sharia from it.
- 4- The specification of the necessary skills for the inspection of the theatre of the suicide accident.
- 5- The clarification of the skills role in the revelation of the ambiguity of the suicide accident.
- 6- The recognition of factors effective in the skills of the criminal researcher for the inspection of the suicide accident.

The Study Questions: The study tries the answer to the next inquiries:

- 1- What is the inspection? And what are its characteristics? And what are means and the ways of their confirmation?
- 2- What is the accident theatre? And what is its importance? And what are the monuments that it contains?
- 3- What is the suicide? And what are its motives and its reasons? And what is the attitude Islamic Sharia from it?
- 4- What are the necessary skills for the inspection of the theatre of the suicide accident?
- 5 -What is the role of the skills in the revelation of the ambiguity of the suicide accident?
- 6- What are the factors effective in the skills of the criminal researcher for the inspection of the suicide accident?

The Study Objectives: The researcher depends in this study on the content analysis method, throughout a study and the analysis of some cases the inspection of the suicide accident and the matter became ambiguous in it to the criminal researcher, and the attempt of the distinction between the effects different from its difficulty from the other accidents as the killing. The researcher depended in his study on a number of instruments like: the books, the specialized scientific references, and the periodicals and the researches and the previous studies, and the analysis of content a number of the suicide accidents states and a limited meeting form with the forensic medicine experts in Riyadh City.

Important Results: he study has reached a group of results the time of its more important is what follows:

- 1- The inspection holding the responsible criminal researcher carries out it, and that his place is the accident theatre, for the revelation of the accident ambiguity and his discrimination if he was a suicide or other than that, and the means of their holding she: the sensory means, the scientific means as the examination systems are by the rays and other, in addition to the expert, and the ways of their confirmation she: the written description, the draft sketch, and the photography.
- 2- The accident theatre he all of the places that witnessed the suicide stages and an importance consist that it contains the monuments that benefit in the knowledge of the truth, and counting the suspicion circuit, and an analysis and the evaluation of the information of the criminal research operations, and its monuments or that invisible or evident effects is as the traces of feet and nails, and the hanging effects and its disagreement.
- 3- The suicide is a will from the life, and the main reason of it is the lack of belief and hopelessness and the despair of the Allah's mercy, in addition to some of the insulting the social, economic aid and the psychological one as the psychological disease and the Sharia prohibits it, and considers it a big from the greatest major sins.
- 4- There are skills must be availability in the criminal researcher for the inspection of the suicide accidents, as the personal skills and from them the power of note and sharpness, and the artistic skills as the skill of the interaction with the suicide cases theatre, and the human skills as the beauty of the command to the team of the search about the truth.
- 5- The presence of an important role for the skills that the criminal researcher should enjoy them for the revelation of the ambiguity of the suicide accidents, and the bestowal of the sound legal description on the accident that he examines.
- 6- There are factors increasing the skills of the criminal researcher in the inspection of the suicide accidents as the gain of the others confidence
